

PLEASE WEAR A MASK IN OUR LOBBY

Dancers and instructors will be permitted to take their mask off once they are inside their studio room, spread out from each other, and exercising.

Please note ...

- ✓ Our number one priority is keeping our staff, students, their families, and our community safe.
- ✓ Anything we can do to help stop the spread and keep our business open is very important to us!
- ✓ Please help us keep the number of lobby spectators at a minimum. If possible, either stay in your vehicle or hang out on our sidewalk while your dancer is in class.
- ✓ However, we do welcome you inside (with a face covering) to watch a class if you would like! Please keep it to 1 or 2 spectators per dancer.
- ✓ If you have reasons that prevent you from wearing a mask, there will not be any questions asked. We are dance instructors, not police officers.
