2019 SUMMER CAMP DESCRIPTIONS

[3-4yr BALLET | TAP] This camp will run 30 minutes each day. Each class, the first 15 minutes will be ballet, and the last 15 minutes will be tap. We will focus on creative movement, free expression, body awareness and basic motor skills, all while teaching the basic elements of ballet and tap. The dancers will learn proper terminology through a center warm-up, stretch, and combination with music. Then continue with across the floor progressions. The final day of camp, during the last 5-10 minutes of class, the dancers will do a mini-show at the studio to showcase what they learned that week. Please invite family and friends! Videography and photography are more than welcome during the performance. HAIR must be pulled back out of eyes into a ponytail or bun. ATTIRE: tights and skirted leotard are highly recommended. Leggings/t-shirts will also be permitted. SHOES: pink ballet shoes and black tap shoes. We have full stock of both at the studio. Along with a great used shoe basket to choose from. Please arrive at least 20-30 minutes early the first day if you need to purchase shoes. If you would like to schedule an appointment before that, please email the studio: ChristinesDanceCompany@yahoo.com

[5-6yr BALLET | JAZZ] This camp will run 40 minutes each day. We will focus on both ballet technique and jazz technique. The beginning of each class will be structured around a proper warm-up and stretch, terminology lesson, across the floor progressions, then choreography. During all sections of class both ballet and jazz technique will be taught. Ballet is described as the solid foundation for all other forms of dance. It also forms the basis for discipline, creativity, and appreciation of dance in the art form. Proper turn out of the legs, posture, placement and alignment will be emphasized. Students will learn ballet vocabulary through barre work and center work while building strength, flexibility, energy, and athleticism. Jazz develops style, strength, and versatility in a dancer. This portion of class will also emphasize technique, terminology, flexibility, and proper execution of isolations of the body, and performance skills. The final day of camp, during the last 5-10 minutes of class, the dancers will do a mini-show at the studio to showcase what they learned that week. Please invite family and friends! Videography and photography are more than welcome during the performance. HAIR must be pulled back out of eyes into a ponytail or bun. ATTIRE: tights and skirted leotard are highly recommended. Leggings/t-shirts will also be permitted. SHOES: pink ballet shoes, half-ballet shoes, or lyrical shoes. We have full stock of all dance shoes at the studio. Along with a great used shoe basket to choose from. Please arrive at least 20-30 minutes early the first day if you need to purchase shoes. If you would like to schedule an appointment before that, please email the studio: ChristinesDanceCompany@yahoo.com

[DANCE TEAM: POM+KICK] This camp will run 50 minutes each day and be taught by a current or veteran High School or College dance team member. The students will learn a wide variety of pom and high kick technique, placement, terminology, and fun and "punchy" choreography. It is a great introduction to those who aspire to become part of a dance team in the future. Poms will be supplied by the studio to use. The class will be structured around a proper warm-up and stretch, across the floor progressions and combinations, center-floor technique, and performance skills. The final day of camp, during the last 5-10 minutes of class, the dancers will do a mini-show at the studio to showcase what they learned that week. Please invite family and friends! Videography and photography are more than welcome during the performance. HAIR: must be pulled back out of eyes into a ponytail or bun. ATTIRE: tights and skirted leotard are highly recommended. Leggings/t-shirts will also be permitted. SHOES: pink ballet shoes, half-ballet shoes, or lyrical shoes. We have full stock of all dance shoes at the studio. Along with a great used shoe basket to choose from. Please arrive at least 20-30 minutes early the first day if you need to purchase shoes. If you would like to schedule an appointment before that, please email the studio: ChristinesDanceCompany@yahoo.com

[JAZZ | LYRICAL TECHNIQUE] This camp will run 50 minutes each day, touching on both jazz and lyrical technique. Each class will begin with a proper warm-up and stretch, followed by across the floor progressions, center-floor work, and finish with some cutting-edge, fresh choreography. Jazz develops style, strength, and versatility in a dancer. This portion of class will also emphasize technique, terminology, flexibility, and proper execution of isolations of the body, and performance skills. Lyrical is a softer genre of dance. It focuses on the emotion of the music, and the story to be told through movement. It is a beautiful form of dance, yet very challenging technically and performance wise. On the final day of camp, during the last 5-10 minutes of class, the dancers will do a mini-show at the studio to showcase what they learned that week. Please invite family and friends! Videography and photography are more than welcome during the performance. HAIR: must be pulled back out of eyes into a ponytail or bun. ATTIRE: tights and skirted leotard are highly recommended. Leggings/t-shirts will also be permitted. SHOES: pink ballet shoes, half-ballet shoes, or lyrical shoes. We have full stock of all dance shoes at the studio. Along with a great used shoe basket to choose from. Please arrive at least 20-30 minutes early the first day if you need to purchase shoes. If you would like to schedule an appointment before that, please email the studio: ChristinesDanceCompany@yahoo.com

[HIP HOP] This camp will run 50 minutes each day. Each class will begin with a proper warm-up and stretch, followed by across the floor progressions, center-floor work, and finish with some cutting-edge, fresh choreography. Hip Hop is a highly stylized, fast paced, athletic, and expressive form of jazz dance. Individual style and interpretation are encouraged while incorporating high levels of energy into each movement. Body isolations are the basis for the intricate movements usually inspired by hip hop music. All music is listened to carefully ahead of time to ensure appropriateness for the age group of dancers. On the final day of camp, during the last 5-10 minutes of class, the dancers will do a mini-show at the studio to showcase what they learned that week. Please invite family and friends! Videography and photography are more than welcome during the performance. HAIR: must be pulled back out of eyes into a ponytail or bun. ATTIRE: tights and skirted leotard are highly recommended. Leggings/t-shirts will also be permitted. SHOES: half-ballet shoes, lyrical shoes, or a very clean pair of sneakers. We have full stock of all dance shoes at the studio. Along with a great used shoe basket to choose from. Please arrive at least 20-30 minutes early the first day if you need to purchase shoes. If you would like to schedule an appointment before that, please email the studio: ChristinesDanceCompany@yahoo.com
